Auditorium Seating

CLASSIC DURABILITY AND COMFORT

Create a lasting and positive impression with Concerto auditorium seating. Enhance the appearance and image of your auditorium with its clean, classic design.

Experience superior seating comfort with Concerto's contoured back that supports both lumbar and upper back. An optional 3-inch foam cushion takes comfort to a whole new level.

Six seat widths enable efficient use of valuable space, optimizing your auditorium seating capacity and improving sight lines. And, durability is assured with KI's industry-leading 15-year warranty.

With power module and large tablet arm

EMPOWERED AND SECURE

- Optional power/USB modules are located directly below the arm cap to provide easy access to connections and support technology use.
- Built-in, hardwired power and data requires no additional installation space and eliminates searching for outlets in floors or wall. Infeeds enter on the inside of any upright and provide inconspicuous power for up to 52 seats per row.
- All cables and wires are completely enclosed within the confines of the seat to ensure uncompromised safety and security. UL Listed.

CONCERTO STATEMENT OF LINE

Concerto auditorium seating is floor or riser mounted on flat or sloped floors. Fixed back accommodates three pitch positions of 16, 20, or 24 degrees.
