

INTELLECT WAVE[®]

Chairs

Intellect Wave chairs have a unique flexing back and the proper curves to support functionality and ergonomics in the classroom. They provide exceptional comfort and permit a certain degree of movement that results in better attentiveness and learning retention. Engineered to withstand tough classroom use, Wave exceeds industry standards for durability. The comprehensive Intellect Wave classroom furniture collection delivers student comfort, product durability and design continuity.

INTELLECT WAVE CHAIRS FEATURES

- A. Easy To Move**
Carrying handle is molded into the seat back allowing easy movement and stacking.
- B. Easy To Clean**
Injection-molded gas pocket provides strength and durability without structural ribs, giving the chair a smooth back that results in easier cleaning and disinfection.
- C. Comfortable**
Contoured seat and passive back flex provide maximum comfort.
- D. Seat Options**
Seat shell available in all poly, with upholstered seat or with upholstered seat and back.
- E. Stackable**
Stacking bumpers protect other seats and desk tops when the chair is stacked.
- F. Durable**
Elliptical tubing is more impact resistant than round tubing, making the frame less prone to bending and denting.
- G. Casters/Glides**
Swiveling glides improve stability and contact with uneven floors and are available in nylon, steel or felt. Casters available on 4-leg chairs.
- H. Rocker**
Easy to add or remove, the rocker accessory supports students who benefit from motion. Rocker available on any size cantilever chair. Not available on chairs with felt glides.
