

PARKER

INTRODUCTION

The Parker lounge chair is a striking combination of modern design, exceptional comfort, and functional versatility, with its swivel function serving as the centrepiece of its design. Designed by the renowned duo Busk and Hertzog for **Worklyffe**, the Parker chair offers effortless mobility and flexibility. Its smooth revolving base allows for easy 360-degree rotation, making it the ideal seating solution for spaces that demand adaptability, such as lounges, offices, and waiting areas.

DESIGNER

1. With its seamless combination of design, comfort, and swivel functionality, the Parker lounge chair is the perfect addition to both residential and commercial settings.

2. Whether used in a lounge area, as a stylish office chair, or in a welcoming waiting space, Parker offers not only a functional seating solution but also a statement piece that enhances any environment.

Busk and Hertzog, a renowned design duo, are celebrated for their ability to create furniture that combines modern aesthetics with exceptional functionality. Known for their meticulous craftsmanship, they bring adaptability and versatility to their designs, as showcased in the Parker Lounge Chair for **Worklyffe**. Their innovative approach includes a focus on dynamic functionality and customizable options, ensuring their pieces fit seamlessly into both residential and commercial spaces. With a commitment to user comfort and structural durability, their work exemplifies the perfect balance of form and function.

FEATURES

The swivel base is the chair's most defining feature, offering smooth rotation. Whether you need to engage in a conversation, reach for a nearby item, or simply adjust your seating, the swivel mechanism enhances the chair's versatility and ease of use. Its dynamic functionality makes the Parker chair perfect for environments where movement and flexibility are key.

TEXTURE

In addition to its functional design, the Parker lounge chair is highly customizable colors. It is available in a variety of fabric options, allowing you to choose from an extensive palette of colors, textures, and finishes to perfectly complement your space. Whether you prefer a bold color, a subtle pattern, or a timeless neutral, the Parker chair can be tailored to fit your aesthetic needs.

1.Crafted for comfort, the Parker chair features a shroud of 32-density PU moulded foam, ensuring that every sitting experience is plush and supportive. The foam is carefully engineered to provide optimal cushioning, while the inner metal armature delivers exceptional stability and durability.

2.A wooden armature further reinforces the structure of the seat, ensuring long-lasting functionality and support.
