

**ALLIANCE**

# INTRODUCTION

The Alliance Table is a modern response to the evolving needs of today's workspaces — a seamless blend of structure, elegance, and adaptability. Designed to support both focused work and dynamic collaboration, it is available in a variety of shapes and sizes to suit diverse environments. Whether in boardrooms, coworking hubs, or collaborative zones, the table's minimal form enhances the space without overpowering it. With refined edge detailing and a sleek understructure, Alliance achieves a balance between industrial precision and design simplicity. It is a table made to perform — visually, functionally, and enduringly.

Highlights:

Available in rectangular, square, round, and soft-rectangle shapes

Sleek, minimal form suitable for modern professional environments

Harmoniously blends function and aesthetics

## WHY CHOOSE ALLIANCE?

Alliance was created to bring consistency and flexibility to workplace design. Its clean geometry and intelligent engineering allow it to adapt effortlessly across layouts, team sizes, and uses. From private offices to open meeting zones, it supports both the everyday and the exceptional. The customizable configurations — including “I”, “Y”, cruciform, and square leg formats — offer visual variety without losing cohesion. Every element, from its aluminum die-cast legs to its bevelled edge tabletop, speaks to a thoughtful design language meant for long-term use. It's the table you can specify across projects with confidence.

Highlights:

Multiple leg configurations: “I”, “Y”, cruciform, and square

Modular sizing options to support spaces big or small

Built for professional use, but with design sensibility

# FEAUTURES

The Alliance Table features a durable stainless steel tube understructure paired with precision-cast aluminum legs in a range of leg styles. The frame offers excellent stability, while the choice of top shapes — including rectangular, square, round, and soft rectangle — allows the table to work across formal and casual settings. Optional edge finishes (Straight Cut-Back and Soft Cut-Back) add a tailored touch. The variety of size options means you can specify the Alliance Table for executive desks, collaborative workbenches, or casual meeting tables. Its design is both structured and light, strong yet elegant.

Highlights:

Top shapes include soft rectangle, round, square, and rectangular

Stainless steel structure with aluminum die-cast legs

Refined edge detailing for a premium finish
