FEAUTURES

The Hedge Chair collection includes three key elements — the low lounge chair, a high-back version, and a versatile ottoman — each designed to work seamlessly on their own or as part of a cohesive set. The lounge chair delivers a wide, open posture ideal for informal seating areas. The high-back model introduces vertical definition and a greater sense of privacy, making it perfect for quiet zones or feature spaces. Completing the trio, the ottoman adapts as a footrest, casual seat, or soft table. Each piece is defined by sculpted foam construction, subtle upholstery detailing, and a recessed swivel base that adds functionality without visual distraction. Hedge is as comfortable as it is beautiful — built for everyday use and long-term appeal.

- Available in lounge, high-back, and ottoman versions
- Swivel base with concealed design for seamless function
- Upholstered form with clean, uninterrupted lines
